The diagram shows a rectangular layout divided into three main sections. On the left, there is a vertical strip labeled 'storage'. To its right is a large rectangular area labeled 'classroom'. On the right side, there is another vertical strip labeled 'storage'. The layout is symmetrical, with the 'classroom' area in the center and 'storage' areas on both sides.

A diagram of a classroom layout. It shows a rectangular room divided into three main sections by two vertical lines. The leftmost section is labeled 'storage' and contains a small rectangular area. The middle section is labeled 'classroom' and contains a larger rectangular area. The rightmost section is labeled 'storage' and contains a small rectangular area. The labels are placed within their respective sections, with 'storage' rotated 90 degrees counter-clockwise and 'classroom' rotated 90 degrees clockwise. The diagram is labeled 'classroom' at the bottom center.

The diagram shows a rectangular layout divided into three main sections. On the left, there is a vertical strip labeled 'storage'. To its right is a large rectangular area labeled 'classroom'. The second floor plan shows a large rectangular area divided into two main sections. The left section is labeled 'gym' and contains a large open space with a small rectangular area at the bottom left. The right section is labeled 'kitchen' and contains a large open space with a small rectangular area at the bottom right. A vertical line separates the gym and kitchen areas. A horizontal line runs across the middle of the floor plan, with a small rectangular area on the left side. The floor plan is enclosed in a rectangular border.
