White City

1. How many drops are needed exactly?

We counted as we walked through the building, but this is an estimate.

17 cameras - 17 drops

Fire Alarm System - 1 drop

District Office - 7 drops

Counselor's office - 1 drop and 1 access point

Preschool - 1 drop

2. Are there drops in all of the classrooms?

No, many classrooms have WiFi from access points.

3. Can fiber be included in the quote?

Yes

4. How many Smart Panels are in the school?

5

5. Did you know there is a nonfunctioning access point on the 3rd floor in the special education classroom?

Yes, we do not know why it will not work.

6. Did you know there is an access point on the stage in the music room on the 3rd floor?

No

Hope Schools

Noted drops

- 1 camera outside of IT Office
- 3 in Zoom Room
- Access Point in C. Johnson's classroom
- Access Point in Daggett's classroom
- Access Point in Library
- 1 drop in 2nd grade
- Access Point in 1st grade and dead port
- 8 drops in the front office
- Access Point in the front office
- Access Point in PK

1. Would you accept a bid that included fiber as it would have the ability to run everything on the 3rd floor based on the number of wires observed?
Yes
2. Do the teachers have good WiFi on the 2nd floor since the walls are filled with concrete?
Yes, it is good.
3. Did you know there is a cell phone booster in J. Bailey's classroom that seems to be working?
No
4. Could internet access be run to the weight room?
Yes, through the floor of the stage
5. Currently there is a daisy chain of wires to get to the business/graphic arts room. Could this be switched to fiber?
Yes
